My dear Mrs Haines:

Your letter of 16 June  
came during one of my frequent  
absences from home. The day I  
spent at home was the Sabbath.  
The two services & the Sabbath School  
filled it up & Monday called me  
away again. I cannot get the  
consent of my conscience to write  
letters while the harvest is so great  
& the laborers so few. We are & have  
been in the midst of a precious  
work of grace ever since Nov. 1<sup>st</sup>.  
During the eight months I have  
had the unspeakable joy of welcoming  
to the communion more than 40 new-  
born souls. This in the heart of ~~Sodom~~

encourages the hope that it may be  
shared for God's sake. But the  
work throughout this valley, which  
is as long as from Elizabeth to Cape  
May, is quite as interesting. I wish  
I could tell you all about it all, - &  
of my recent extended tour to St. Louis -  
driving about 700 miles on the tour.  
But - to business.

1. ~~Large~~ new teachers are wanted  
for. Payson. Pleasant Grove. Nephi  
Ephraim & Monroe & Mantah.

Miss Wheeler may return  
to Monroe. She has gone to Logansport  
Ind. to spend the summer after three  
years of faithful fruitful labor in Utah.

Her address is Miss Phebe H. Wheeler

Care C. M. McWitt

Logansport

Ind.

Will you write her? I shall  
anyway. These are ~~new~~ <sup>existing</sup> schools  
already established.

2. There are nine other points in this great valley in which it is desirable to establish schools this fall, - viz: Fountain Green, Maroni, Fairview, Spring City, Gunnison, Salina, Richfield, Glen Cove & Elsinora. Then Rev. W. C. Cort at Parowan should have at least two teachers. One for Parowan & one for Cedar City. And Rev. A. B. Cort should have at least three. One for St George, one for Washington & one for Santa Clara. Then we want One for Tillmore & one for Scipio. Is it going too far to plan such a campaign against the powers of darkness? Is it too much to ask that teachers be sent to all these places? These are the homes of the masses - the untutored masses - with whom reside the life & strength of Mormonism. It is these sheltered

If therefore you want to  
shake every dollar tell in this  
warfare carry the gospel to  
where it is not. - Do not accum-  
mulate appliances where there  
is an abundance already & where  
there is more emulation with one  
another than there is conflict with  
sin. Remember that these popu-  
lous valleys for which I plead have  
no means of learning of Christ  
however ardent might be their  
desire to hear about Him.

I have visited all these  
points I mention. I have preached  
in most of them. Through flying  
clouds of sand & dust under  
burning sun I have toiled on with  
my missionary pony - finding the  
deluded masses in their poverty  
stricken & sin stained hovels - holding  
forth Jesus of Nazareth to them ~~at~~

have reaching my hungry flock  
on Sabbath while certain others  
have lounged in cool parlors  
writing sensational & stirring appeals  
& depicting in glowing rhetoric the  
evanities of a system with which  
they have no personal acquaintance  
& the deepening conflict in which  
they have taken no part.

In addition to the points  
I have mentioned I think Bro.  
Parks at Logan should be more  
liberally aided. He has done  
most heroic & selfsacrificing  
work for the Master under the most  
discouraging circumstances. Not  
only should he be well sustained  
at Logan - but there are three  
important towns in his (Cache)  
Valley that ought to be occupied.  
If we could have these 19  
towns well manned (or womaned) this

fall Mormonism would receive  
the deadliest blows that could  
possibly be struck at its very  
vitals: No ~~Exhortations~~ of Congress  
nor investment of armies can  
reach ~~the~~ heart as the arrows  
of truth can.

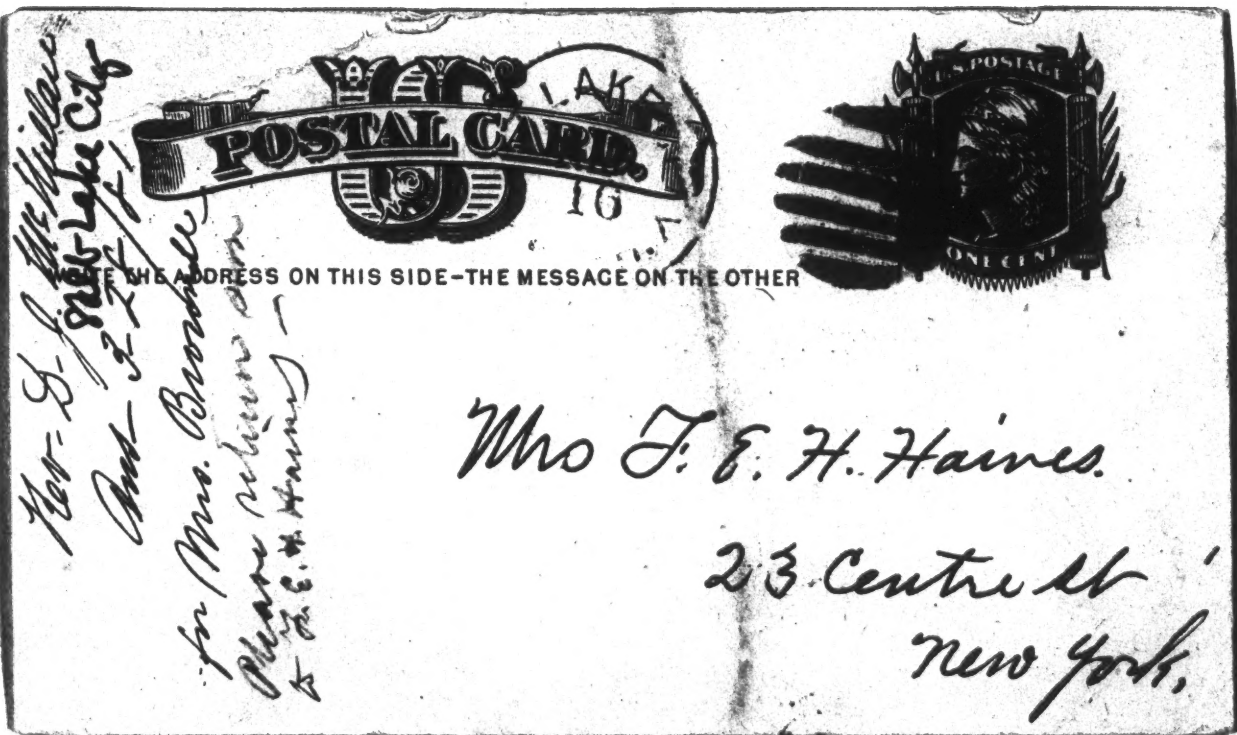

Now the first thing  
is to supply our existing  
schools with teachers. The  
next is to occupy new  
points. How many can  
you take of the 19 new ones  
I have named?

I shall confidently  
hope that several of the  
more important new points  
can be occupied. I have  
control of a good house in  
Spring City - 6 miles south  
of here & if \$500 - can be  
raised by March 1<sup>st</sup> 1881 I  
can buy it. It has room for  
a school & chapel & other rooms.  
These <sup>would</sup> ~~towns~~ <sup>& prepare a map of Utah</sup> ~~giving information about each~~ <sup>location</sup>

in her hand to overf their towns  
that repose under the shadows of  
the Mts - not only of granite & sand  
stone, but of error & ignorance.

I am glad you ladies are  
helping Prof. Cozner in his  
effort to build up his Collegiate  
Institute. If I were wealthy I  
should like to endow several Profes-  
sorships in it. It will be needed  
in time. But I hope it will  
not cripple you in the mission  
work of the Lg. What Utah  
wants now is Evangelizing.

And the Mission Schools are the  
surest avenues to the homes &  
the hearts of the populace. The Mormons  
are not half so much afraid of  
Courts of Justice & Government  
officials & Colleges & fine buildings  
away off at Salt Lake City as they  
are of the Christian woman with  
the Bible in her hand & Christ in her heart.

and in post 9.30/80-

Dear Mrs Haines:

The 14 Teachers reached Salt Lake City last week & were duly assigned as seemed best from what little could be learned at the time, of their qualifications. Mr McNeice promised to send you report of the assignments. - But it becomes necessary to make at least one change. Miss S.A. McMullin will not do for Richfield. Most of the Teachers are certainly made of the right stuff. You have been most fortunate in almost every case. But there are exceptions. I desire to speak very frankly about them - or one at least. Miss McMullin is so uncouth in her manner, untidy in domestic matters & uneducated generally as

to unfit her for work. She has  
a good mind and a kind heart  
but in scholarship & deportment  
is far inferior to the older girls  
who have been in our Mt Pleasant  
school some years. We assigned  
her to Richfield in Sevier County  
but I cannot introduce her to that  
community as a representative of  
our church. It would be a kindness to  
her & a wise act so far as the work is  
concerned to send her home - but I do  
not feel that I have authority to do  
that. She is evidently anxious to  
try the work, so I have decided  
to place her at the only point where  
I would dare leave her - Moroni.

Moroni is by no means an un-  
important town - but we had intended  
to occupy the larger & more difficult  
fields first. She will be but seven  
miles from Mt Pleasant, & we can  
help her more than if she were elsewhere.  
This plan, however, is contingent upon

2  
my obtaining a room for  
school purposes there. Miss M.  
has been in our house five days-  
affording us opportunities that you  
could not have for learning her ways.

I took Miss Young to Spring City  
Monday & introduced her. She seems  
pleased. She is attractive & jealous.  
She certainly has tact-but lacks  
scholarship & mental training. Some  
young persons in Spring City who have  
been under our instruction at Mt Pleasant  
are in advance of her in scholarship.

I very much fear that these two  
will hardly be sufficient for the  
subtleties of Mormon ignorance - if I  
may so express it. But we have given them  
easy fields.

I telegraphed you about Miss  
Fanny Cowdrey at La Fayette Indiana.  
She is an accomplished scholar & musi-  
cian & a devoted & successful instruc-  
tor of the young. Her pastor - Rev. L. M. Ashfield

has accepted a call to Stockton  
California & starts for his new  
field on 27<sup>th</sup> inst. She desires to  
accompany him if she comes. - So I  
telegraphed as in this instance - "The  
King's business required haste".

In selecting teachers it  
is well - necessary - to have an  
eye to the social & domestic training of  
these young vagabonds as well as  
to their intellectual, moral & spiritual  
wants.

Yours in haste

D. J. Mullan.

My dear Mrs Haines;  
I hope to write you  
fully about Malad ~~on~~ next  
Monday night. There are a few  
points that I am not clear  
upon & will not venture to write  
until I see Mr Gillespie.  
I may be able to write you  
tomorrow night - as I go to  
Brigham tomorrow. Dr.

I am afraid the Tillman  
& the Garrison people will lose  
faith in us. There is a young  
lady in this city - a recent  
arrival from Sacrosse Wis.  
member of Pres. Ch. - Graduate  
of High School in that city -  
plays & sings well - Evidently  
has ~~force~~ - but needs the disci-  
pline of experience. She wants  
very much to enter this work.

She is quite willing to go to  
Gunnison alone, - but as she  
is young - about 20 I guess -  
I would rather put her in Miss  
Farrand's place at Manté & take  
" " to Gunnison, - a  
change that would be quite  
pleasing to Miss Farrand as  
she has from the first begged  
to be allowed to work alone. If  
this plan meets your approval  
telegraph me at Mt Pleasant  
please. If this plan does not  
commend itself to your judg-  
ment - how will this do: send  
Miss Maloney to Gunnison.  
" " " McKean " Fillmore  
and let the Rev. J. A. Livingston  
Smith go to Malod - as we  
shall probably not have  
nor need to have a teacher of  
our own there this year.  
Your Utah hand is called Harry  
Haskell McMillan. <sup>(Farrand)</sup>

heart is drawn toward this work  
and she can be had now. May  
she come right away?

2. Silver Reef. ~~Assuming~~ Town  
down near St George are begging  
for an accomplished lady teacher.  
They will pay the entire salary of  
\$75- a month. We have a Sabbath  
School of 60 scholars there, but  
no one to look after it but Rev. A.B.  
Cort whom he can leave Washington  
& St George & come up.

Now I think a good arrange-  
ment would be to send Miss Malony  
to Gunnison & Miss McKean (if  
she has snaps & a level head.) to  
Silver Reef. What say you at  
23 Centre St? The only trouble  
about Miss Malony for Silver Reef  
is - she is too quiet for a mining camp.  
She is just the one for the work among the  
Mormons.

people of Molod are worthy & Molod  
is a fine field. - but they are independent  
on the school question, and as they  
have employed their teacher it only  
remains for us to send them a good

My dear Mrs Haines;

In a recent letter  
you asked two questions which  
I did not answer explicitly.

1. I do not know Mr Gordon's  
sister. It must be some other  
Wahster that has been tempting her.

2. At Molod public school  
money had accumulated to the  
amount of several hundred dollars. The  
School Trustees wanted us to send  
them a young man who could teach  
the higher branches. We had no such  
man to spare - & as they proposed  
to pay the entire salary at the rate  
of \$75- per month I thought they were  
independent on the school question &  
with a little pains could get just  
what they wanted. I do not see why  
we should spend mission funds in  
the support of schools while the progress  
of the Gospel does not require it. The

My dear Mrs H. <sup>S. J. McMillan</sup> ~~McMillan~~ <sup>Utah Dec 1894</sup>

While our engine <sup>is</sup> off the track & we are waiting I will write. I found our teachers at St George (Miss Stevenson) and at Washington (Miss Dickey) working nobly & selfsacrificing & very successfully. I am surprised at their success so far, you are aware that these towns were considered most formidable. Change of property in St George was wise & fortunate. The present location is among that part of the population who will patronize us. The lot is a good one & the house much better <sup>than the former one</sup>. An outside stair way reached the second story which is finished as one room 16x26 feet. The rooms below are well suited for either McCort or Miss Stevenson. The lot is wide enough to afford room for a church beside the

present house which Mr Cort  
may need for a dwelling after  
a while. But we must stand by  
them & see that they are not  
driven to the wall. They need  
~~immediately to make things of~~  
~~finishing the obituary~~ 130-

Furniture, (stone desks & lamps) 80-  
total \$210

I will explain fully. Bro. Cort  
bought the former project for \$300.  
He spent \$100. on it & then it was  
valued in the trade at \$300.  
After the trade he spent \$85- in  
plastering <sup>finishing</sup> that beautiful upper  
room. He was most judicious &  
economical in all he did. But  
he is in debt for nearly all the  
\$285- What is not now owing he  
paid out of his own pocket - a  
thing he was compelled to do - but  
could ill afford to do. The style  
of living in ~~St. Louis~~ - the aristocratic  
Southern Capital - is up to that in  
Salt Lake City & the expense is great.

If he can have the <sup>2</sup>\$285- & lift  
him out of the present mess  
I do not see that he will need  
anything more than running  
expenses for years to come unless  
success almost miraculous should  
attend their work. He must have  
the money from some source  
even.

We dedicated the Chapel  
room last Sabbath evening.  
The dedicatory service was a  
prayer meeting at which Bro. Corb-  
misses, Stenerson & Dickey &  
myself were present. At the close  
of this delightful meeting at  
which four fervent prayers invoked  
the divine sanction & blessing upon  
the perilous undertaking - a crowd  
assembled & filled the room.  
We then had a short praise-  
meeting & then a sermon from  
the text "Christ is All & in All!"

Mr. Cort's services at Washington  
are well attended. Miss Dickey is  
winning her way. Cort is  
paying \$10- per month rent.  
The property could be bought  
cheap - say \$700. The owner  
has left town & desires to  
sell. It is a matter of  
expediency whether we rent  
or buy. If we rent, the \$10- per  
month must be forth coming  
from some source. Something  
must be done soon.

Many other things  
I would like to write but  
can't now.

In refg to yours

in my judgment it would be  
better to accept Miss Welch's

Office D. J. McMillan,

Superintendent Presbyterian Missions,

Salt Lake City, Utah, Jan. 17 1881.

My dear Mrs Haines:

I have just returned from Springville & Payson. Payson has 40 in day school & 60 in S. S. - All going well there. Miss Woodruff doing well.

The Springville School is doing finer. 88 enrolled. - Teachers enthusiastic & Mr Leonard highly gratified at their success & well pleased with their methods.

I gave a good deal of time & the trouble there. I have sifted & sifted till I am sure there is nothing left to sift & I am almost as sure that there was nothing worth sifting at the outset. The teachers ought not to have written you about it. They are now sorry that they did. The affair had nothing whatever to do with last year's trouble. Not

a vestige of last year's trouble remained after Miss Noble left. The present affair grew out of some thoughtless & rather unbecoming words & actions of Miss Munger which Mr Leonard was not discreet enough to receive as they ought to have been received. Miss Munger is full of zeal. - has an active mind & quick tongue & said some pancy things to Mr Leonard which greatly offended him. I think Miss M. was somewhat - but not altogether to blame - but her motives were not bad. Mr Leonard is quite sensitive and a slight offense offends him in an exaggerated form - & hence I think he is inclined to misconstrue motives sometimes. I don't see that you or Dr Kendall can do anything to help the matter. I believe that the ~~leaves~~ said the better. Both parties will probably be more cautious henceforth. I could give you a volume of specifications if you want them - but I suppose it would be useless & so I lock them up.

We very greatly need that Organ.

Nephi, Richfield, Monroe, Parowan, Washington, Spring City, Moroni. (The two places Gunnison & Tullahoma if we occupy them) are all without organs. But the teachers at most of these places do not play. It would be of great service now at Monroe, or at Tullahoma if Miss McKim comes. I think the Cleveland people

M. M. Miller

Feb. 3. 1881.

My dear Mrs Haines:

Several of your recent questions I fear I have not answered.

1. That Organ might come from Pittsburgh over the Pan Handle route via Rock Island & Pacific & U.P. to my address Salt Lake City. It ought not to cost over \$7.50.

2. Fare from San Francisco to Salt Lake City \$3-5. I like the idea of getting that California girl.

3. You are aware that the teachers at Mt Pleasant have had no help this winter because I had to send one of these \$11- girls to Mantle in Miss Farrand's place & the other to Richfield in Miss Olmsted's. Now I admit that I did this upon my own responsibility - but how now about their expenses? These teachers ought to meet all that. I think

Miss Elmsted will - but I have  
grave doubts about Miss Farrant's  
doing any thing of the sort. I mention  
the matter now that the situation might  
be fully understood before you remit  
Salary for the current quarter. These  
girls will be very modest in their  
demands, but their board bills & other  
necessary expenses will have to be met &  
they ought to be paid for their services that  
they & their friends may value their attainments  
& their services.

In my report of the needs of  
Mt Pleasant I neglected to mention  
particularly the matter of desks. Some  
that I made five years ago - working with  
my own hands - are giving out. - Some have  
entirely given way. If we supply new ones we  
would just as well spend \$50. on the  
furniture & make it all complete. The greater  
part is as good as new.

Yours from Clifton Springs

other points has kept me from visiting  
Malad. - but Mr Gillespie thinks that  
the young man who has been employed  
by the people of Malad is filling the present  
requirements. I shall try to leave Montana  
next week & visit Malad on my way  
down. From all I can learn from Mr. H. &  
others the greatest need there at present is a  
Minister. I am corresponding with a minister  
who wishes to take a mission station &  
teach & preach at the one station. I like  
the idea - & as soon as I can work it up  
further will write you fully.

It is just as well to send that

Superintendent Presbyterian Missions,

Salt Lake City, Utah, March 3 1881.

My dear Mrs Haines:

I am home again  
from the mission fields, - & will say  
briefly now:

1. Malad is a very interesting field  
but Bro. Welch was entirely too feeble, &  
his sister entirely too inefficient to work it  
up. Miss Welch is not adjustable.  
She is cast iron - & having been cast  
in a different mould from the people in  
the west she doesn't fit anywhere  
out here. She has lived almost the  
life of a hermit ever since her brother's  
departure - practicing unnecessary & un-  
becoming economy in order to save up her  
salary. She has done nothing since she  
resigned but attend Sabbath school as

one of the teachers - of which there were three or four.

2. I would repeat my former recommendation: let her go as soon as possible. The sooner the better for her. It makes no difference with the work whether she goes or stays - but it probably does upon your treasury.

3. Your suggestion to send Miss Farrand up there was exactly what I was about to recommend. Miss Farrand takes in with the idea readily. I shall therefore go with her after the meeting of our Presbytery which is to meet at Mt Pleasant March 11.

Yours truly

My dear Mrs Haines:

The serious & sudden illness of our little Harry called me in greatest haste. He seemed to be dying. Tuesday & Wednesday there seemed no hope of recovery from a terrible lung fever. But Thursday he began to improve. Yesterday I arrived and found him greatly improved. Today he is doing finely. I expect to address the ladies' Society at Shelbyville on Monday evening. If Harry does not relapse I can safely push on to Allegheny Tuesday. Prof. Coyner & wife and I were together as far as St Louis from Maryville Mo. I suppose they are at Indianapolis now.

I have waited not very patiently for careful & accurate estimates from the various fields - but have them not all yet. I have kept this paper perhaps too long for your purpose.

Now I propose that we try to get a globe - a set of wall maps & a Dictionary at least in every school not already supplied. Then an organ where one can be used to advantage. Special arrangements can be made with publishers & dealers to get the lots

cheap. There can be no harm in getting the best possible terms, - then 24 Dictionaries, 24 globes, + 24 sets wall maps would give us 72 objects for as many small societies or S. S. classes to work for. But some of our schools are already provided. The Aunts for these objects I have not set in the appropriate column because we can't tell till publishers & dealers have <sup>not</sup> been seen as to their best wholesale rates, discount to Mission schools & special donations to this particular work &c &c.

I enclose Miss Crowell's letter.

Rio Grande <sup>to Denver</sup> thence on U.P. to Salt  
Lake City.

At Salt Lake City Mr. M. W. Mice  
will arrange for a  $\frac{1}{2}$  fare permit  
over the U.S. R.R. to Nephi. - thence  
by stage to Mantua. - where Mr  
Martin will take charge of her.

Write me if you want me to do  
anything & I'll do it.

Albany. May 7. 1881.

My dear Mrs Haines:

Mrs March has handed  
me your letter to her which is just  
received.

It seems to me very unwise  
to change appointments as it always  
creates a little friction & cools zeal.  
unless in such a case as Englewood  
where you say Dr Booth finds it better.

If announcements for Tuesday have  
been made in Brooklyn it will not  
do to change. It might spoil very  
fine prospects there. If we are going  
to harmonize conflicting ideas &  
interests we must respect the wishes  
of the Brooklyn & New York ladies. You  
remember the Brooklyn ladies asked  
for last Friday evening.. but that was  
denied them. Then they asked for

next Tuesday. That was promised them.  
Now I shall not consent to go to  
Newark if in doing so I disappoint  
the Brooklyn ladies. - If I go to  
Newark it will be by the consent of  
the Brooklyn ladies freely given.

I infer from your note to Mrs  
March that you have asked them  
to change their date. I am sorry you  
did.. but I hope it will all work  
out right.

Dr Striker asks for Sabbath  
22<sup>nd</sup>. I feel inclined to give it  
and have so written him. We  
can arrange all other appointments  
up in New York State agreeably to  
that.

A good time last night.

Yours

D. J. McWilliam

Richmond, Va. May 18.  
and

My dear Mrs Haines;

While waiting for  
the train which is to bear me  
to New Castle this evening I  
see Miss Mary Webb <sup>for right</sup> I write.

I have been to Lebanon.  
I spent last evening with  
the three ~~fine~~ <sup>(fine in fact)</sup> young  
ladies who had been thinking of  
Utah. I think Miss <sup>good</sup> Fanny Burke  
the best of the lot. I believe  
she would do well in any of our  
Utah schools. She seems thoroughly  
consecrated.

is a good Pres-  
iding Clerk  
She has had  
a teacher  
at the school

Miss Hoy has many excellent  
traits evidently - but she is a  
Methodist. She is but 20 years  
old - but it must be said that  
she is very mature & capable for  
her age. I discouraged her so  
that I think she will give it up.  
Miss Howell we don't want at  
all. She is pretty & attractive &  
a girl of good gifts. - but she  
is not what we want. Another  
talented - pretty - accomplished  
active woman who would be a  
powerful force if she had grace  
enough - by name Mrs E. Everett  
but we don't want her. If she  
should write you tell her  
that we have no place for her.  
The only one is a sister of  
mine who is a sister of  
mine.

June 1. ~~At~~ Cincinnati Ohio  
Sabbath June 5<sup>th</sup> Cincinnati  
June 7<sup>th</sup> After which call on  
the Mr. Stirling & Wankyan girls  
the Mo. girls (Miss Effie Miller &  
Elle L. Williams) & then go home.  
I might see Miss Lockhart  
at Washington Cir. - yes & the  
Miss Bybel at Williamstown.  
On my way to Steubenville, - but  
there does not provide for Miss  
Wray, Miss Stagers & Miss  
Baker. The trouble is our  
weeks are too short & too few.

But will arrange all at  
Buffalo Dr.

Yours truly  
D. M. Miller

2  
After seeing Miss Mary J. Moore  
at New Castle I expect to go to  
Charleston Ill, & see Miss Clara  
Shuttleff. - She is on my way to  
N.Y. by this evening. Then

I shall take in Dr. Wayne  
(Mrs Mary <sup>Wade</sup> E. Christie) and  
Bremont (Miss Julia Ashley) on  
my way to Buffalo next Monday.

The young lady (Miss Peter)  
at Wheatland Ill & another, Miss  
Mary Lyons, at Waukegan &  
shall have to see or arrange  
meet from the Assembly.

Now I have this to hope  
if it will not conflict with  
your plans, and if you have  
time, to call on me at my home  
in Buffalo on my way to  
N.Y. on Monday.

Rev. D. J. McMillan  
Head Quarters of the Woman's Ex. Com.  
and at length 6.9/87-  
Elizabeth H. May 31.

My dear Mrs Haines;

I stopped between  
trains on my way to Danville Pa  
where I am to speak tomorrow night.  
I wanted to talk over sever things.  
I'll write a few questions.

1. Dont you think it would be better for  
Prof. Cozner & me to go separately  
as we could reach twice as many  
Congregations as we could by going to-  
gether? E. g. I am invited to address  
the 6<sup>th</sup> Ch. in Chicago & the Hyde  
Park church. Now why not Prof. C.  
address some two on the 12<sup>th</sup> of June  
& I two others? I am willing to  
take either the 1<sup>st</sup> & 2<sup>nd</sup> or the 3<sup>rd</sup>  
& 4<sup>th</sup> or the 6<sup>th</sup> & Hyde Park.  
Or let Prof. C. do up Chicago & I  
go elsewhere. It is pleasant to be  
with Prof. C. & speak with him... but  
when a service is divided neither  
can do justice to himself or his cause.  
Prof. C. presses this view of the case  
and asked me to present it to you.

2. The Board of church erection has granted \$400- for Springville. Have you ladies granted the other \$400- You see it is now about 3 months overdue & drawing interest all the time at the rate of 10%. The Bd of ch. erection can pay theirs until yours is paid for. All their regular grants must be the final payments.

3. Do you wish me to look up the balance of the teachers? I suppose you do. So I shall try to see Misses Wray & Stoyers this week. Are all arrangements made for my meeting at Cincinnati on June 7th? I have the address of the Kodj on Walnut Hills as you gave it to me.

4. We ought to have had a more definite understanding about my expenses while traveling about, but I suppose all will be right.

5. I wanted to talk more about that \$4000- but I suppose I understand it. It is an emphatic

expression of the ladies determination  
to enlarge & push forward the work  
in Utah.

Well, I guess I shall let  
"3" go for the present. I expect to  
leave Cleveland for Cincinnati Sunday  
morning. My Cleveland address will  
be 456 - Prospect Street. % E. R.  
Perkins.

Oh! yes I must put a  
5<sup>th</sup> question. The Bd Ch. ever  
granted for Washington Chapel \$385-  
" Franklin 282-  
besides the above mentioned Spring Cit - 400.  
You see that isn't enough quite  
for Washington, ~~thats~~ enough for  
Franklin, but it is enough for  
Spring Cit - if you ladies "go & do  
likewise". Will you?

Truly yours

D. J. McMillan.

Dear Mrs. James,  
Your two letters came  
at Cleveland.

I called at Beaver C. H. Pa. & see Miss  
Mary B. Eakin. Here are the facts about her.

1. She stands well as a teacher. good instructor  
& what is of still greater importance a good  
disciplinarian. But

2. She had a hemorrhage a few years ago

& was afflicted with rheumatism last  
winter. But she has very little time from

school. Quicker they unfavorable. She  
has not been actively engaged as a teacher.

3. She is a very quiet person & is not  
at all friendly from her church. It is  
difficult to attract her.

4. She is a general architect.

5. She is a very good friend to  
others in the same way.

1. Mrs Kate Best of Danville Pa.  
She is at least very good years of experience  
in ~~teaching~~ in all departments of Christian  
work. And if she finally decides to go the  
Ladies of Danville (Mrs R. L. Stewart President)  
will raise her salary.

2. Mrs Maggie Sippet West Bridgewater Pa.  
In every way qualified.

I had a good time at Cleveland &  
hope that something will come of the visit.

Prof. Coynard & wife are here. I must  
close for the meeting.

Mr Wood. Dr Herrick Johnson writes a  
very cordial friendly letter. - but to the same  
import. I shall have to wait till Chicago  
later to buy furniture for the chapel.

I might just as well defer my visit  
till then.

Dr Johnson will fit  
away himself this summer as a  
preparation for the trip. I don't believe it will  
pay the expenses of the trip. But I must

I will see you this summer & learn  
your mind under the circumstances.

Miss Fannie A Wray  
is one of the very best young  
ladies I have found. She is  
all right. Put her down A. 1.

I go today to see Miss  
Florinda B. Stagers... & then tomorrow  
to see Miss Leonard at Erie & from  
there to New York. I expect some  
letters when I reach New York that  
will decide certain other cases.  
So that we shall be able to make  
out a schedule of appointments &  
assignments.

My dear Mrs Haines:

Your note reached me at Dr Roberts' this morning. In reply I would say

1. I expect to go to Washington & Maryland &c to see all those ladies. (By the way that young lady at Williams town is a Bus bee but a Bug bee.)

2. Yes we need a building at Smithfield very much. It is a necessity.

3. I expect to send a car from Chicago with furniture for Martha & Ephraim & Nellie's very soon. That organ may be sent to me at Chicago of A. F. Andrews & Co - Furniture dealers Wabash ave. Chicago. - & it will go in the car.

3. Parks' affairs at Logans are in statu quo. He needs money but hasn't got it & can't get it. He ought to be helped out.

4. I don't think we need to build at Molokai this year. If we could build there as well as not it would be wise - but we need it here.

My dear Mrs Haines:

While waiting for  
the train that is to bear me to Elkland  
I want to tell you that one of our  
loveliest and most promising young  
ladies fails us. A letter received yes-  
terday from Miss Susie V. Brown  
Brighton Illinois says that her  
mother's health is so threatening  
as to make it unwise for her to leave  
home. We shall have to give her up  
and I am sorry.

Mrs Huntington writes that  
both these most pleasant girls are  
provided for entirely by members  
of 2<sup>nd</sup> Church Cleveland at last.  
Now there are others for Northfield.  
A Miss Sarah Sorenson - who  
has just united with our church

at Mr Pleasant - a good solid  
reliable girl who has made  
good progress in her studies -  
is about 22 years old - wants  
to teach & has helped our teachers  
at Mr Pleasant a great deal. She  
is the one who knew more than  
Miss Young at Spring City & had  
to go to Mr Pleasant School.

(And I would suggest that  
Miss Young might also go to  
Northfield a few years with  
advantage)

Another point about it. The  
gentlemen who are to bear the  
expenses of these two girls are  
both members of the Board of Trustees  
of Lake Erie Seminary - Painesville  
Ohio. - I think we ought to send  
them there. I shall try to reach  
New York tomorrow morning.

My dear Mrs Haines:

I found Miss Tubbs a very sweet young lady possessing many most admirable qualifications for our Mission work. If she lacks anything it is years. She is certainly remarkably mature for a girl of 19 years. I unhesitatingly recommend her for an Acolyte at WPP Pleasant or Wauti. She ought not to be left in a Mormon town alone. Her music will be valuable. She plays & sings well. I would rather do without the years than the music. - for the years you know are bound to come.

2. You know that I propose to start a car from Chicago soon with furniture for Wauti. Ephraim & Nephi. If you want to send anything in it let me know. - or send to me of A. J. Andrews & Co 195 & 197 Wabash Ave Chicago.

3. My itinerary is planned as follows:

July 14. Centre Bridge Bucks co Pa. - Mrs Hendricks  
" " P.M. to Philadelphia & if possible  
on to Williamstown - - Miss Bugbee.

" 15 - Evening on to Washington D.C.

+ " 16 Miss Ruler.  
If I don't spend Sabbath at Washington, I shall if I have chance  
July 16 Point of Rocks Md. - Miss Horley.

" 18 or 19 on to Wooster Ohio.

" 19 or 20 to Mechanicsburg. - Miss Snyder  
(Misses, 2 & 4, McDonald & Miss Porter)

" 20 - evening at Lebanon Ohio.  
Misses Moppie Hamilton &  
Kate Jones.

" 21 or 22 - to Indianapolis & see a  
Minister Candidate for Missionary honors.

" 22. to Chicago to purchase furniture  
&c &c. My Chicago address to A. H. Andrews  
195 & 197 Wabash Ave.

Thence to Tower Hill. Shelby Co. where my  
'Jude' & Harry are. As I shall

hardly be in Salt Lake City - a week all  
fall Mrs McMillan will not probably go  
out till Dec. or Jan. - So I am  
tempted to spend a week with her before  
I go. Then the Wisconsin girls & the

Tofeka one & last but not least Miss  
Helen M. Harding of Atlantic. Cars co. Iowa  
I must see. I have not forgotten the Miller girl  
I must see. I have not forgotten the Miller girl

*I have been to see Miss Bugbee at Williamstown. We don't want her. She doesn't seem to have the remotest idea of what the work of a missionary is. She might possibly do for that El Paso school. No doubt she succeeds as a teacher where she is - but I don't think she has much stability of character. She is 23 years old - in fine health - but if she should go I do not believe she would stay in the work a year.*

*Then she loves society - too much - although she has no special social attractions.*

*I go to Washington this evening. Dr. - reaching there about 10 P.M.*

I wrote you that Miss Sue V. Brown  
of Brighton Ill. - has been compelled by  
~~the~~ unfavorable turn in her Mother's

I have just seen Lippincott's  
about Encyclopedias & Dictionaries.

They will let us have Chambers Encyclo-  
pedias for our Schools at 40% off catalogue  
prices. - & their Webster's Unabridged  
Dictionary at \$6.75 = Now of course they  
don't want their offer made public.

But let's estimate a little.

| Total                                  | \$472.50 |

But I hope to hear from the  
Publishers of Webster in a day

Now - taking the encyclopedias alone

Thursday night, July 14<sup>th</sup> 81,

My dear Mrs Haines;

I have been to  
Centre Bridge & seen Mrs Hendricks.  
She is an active & sprightly woman.  
~~but~~ I am not quite prepared to  
recommend her. There are  
two points which you will be  
able to determine. If they  
can be satisfactorily settled  
all right we could take her.

1. I very much fear her health  
though she declares that she is  
perfectly well & healthy.

2. I should like to know why  
she left the work in Africa  
at the end of her first year  
I confess that I am not

very favorably impressed  
though she may do good work  
& if those two points can be  
seriously settled all right.

I referred her to you  
for correspondence, - but  
she may not write you. If  
she does not I would say  
let her slide. If she does  
write I think you better  
insist upon a careful  
statement of her case from  
her physician. - though  
I may be wrong. Then come  
from the Foreign fellows about  
her record in Africa.

Yrs

Rev. J. J. McMillan  
Chicago Ill. July 23. 1901.

My dear Mrs Haines:

Your letter came today  
I shall answer all your questions as far as  
I am able.

1. Miss Sarah Sorenson - the young lady of  
whom you inquire I have known six years. She  
has ~~proven~~ all the time worthy. She is very  
anxious to fit herself for higher usefulness -  
wants to be educated. She professed a love for  
the Saviour two or three years ago & expressed  
a desire to unite with our church. - but living  
five miles away it was not convenient for  
her to do so. She united at her first opportunity  
about three months ago. She is not brilliant  
but a solid Scandinavian girl. Not pretty,  
nor homely, - rather large but not overgrown.  
She is conscientious & faithful & learns well.  
She has helped very much in the <sup>Wm. D. A. T. day school</sup> nursery. Her  
mother who is a widow also professes to be a Christian -  
& attends church whenever she can. She has

a half brother - though - who is very irregular in his habits. He is a man of family - a rather miscellaneous family. But as he is older - a good many years - & has a home of his own she is not at all affected by it. She feels the reproach though. I think there would be no trouble in getting the fare from Salt Lake City - to Chicago which would be \$38. - then \$20 - to New York would make her R.R. fare to N.Y. \$58. -

2. I shall write Miss Nannie A. Ellis of Indiana & call to see her if practicable. Why do these girls persist in getting off into the country, just when we want to see them? Is it because they show to better advantage with a rural background?

3. If Mr Boyd comes with the girls he can arrange the time & place of their meeting to suit his convenience & theirs. He suggested St Louis as the place of their meeting & that a grand missionary meeting be held by the Woman's Bd of the S. W. at the time. - a good idea I think. Better consult him about that, & then the St Louis ladies.

I am getting furniture for Maanti

Of course the larger bill I order  
the greater reduction I get in price.  
& the car will carry furniture for  
two or three more shops, as well as not

Now - if we occupy Lehi we need  
furniture. - say 20 desks at 5.00 each 100.00

At WBS has out must replace old ones. 20 - 200.00

One new room at Ogden (whittemple room) 100.00

2 rooms at S. L. C. <sup>adapt</sup> mission schools 200.00  
500.00

What do you say? Shall I order?  
you see I have chartered a car

as  $\frac{3}{4}$  full.

Any thing for me may be sent  
by freight or mail or express.

Developments

Will you provide the

attend to that?

Shall I arrange for their  
meeting & going out together? or will

there must be an understanding as to that

Arrangement will not conflict.

My dear Mrs Haines:

I expect to see Miss Alice Miller next week in Chicago. She has gone there within a few days. But I do most unhesitatingly recommend her from what I can learn from the best of authority. I suppose, however, that since there is no particular haste I might wait till I see her. I return Mr McClintock's letter, which by the way - I should think would answer for the three certificates: 1<sup>st</sup> of Church membership & standing. 2<sup>nd</sup> of health. 3<sup>rd</sup> of qualifications for the work. - & it seems to me unnecessary to wait for further papers.

I enclose a letter from Miss Mary E. Downer of Chittenango N.Y. & Certificate

I enclose also a letter rec'd from Mr McClintock in answer to questions asked when I found that I could not go to Burlington. It covers all necessary points.

Rev. D. J. McMILLAN  
rec'd Miss Alice Miller

A recommendation of Misses Tom Dehaes  
Love - which seem all right. The  
fact that she is a graduate of Mt Holyoke  
goes a good way. Then her ambition is  
to be "harmonious & helpful." ~~an excellent~~  
which some one here would do well  
to cultivate.

I'll see what may be done at  
Ogden. And I'd like to whisper back  
that a change might be made at Washington  
advantageous. If the way offers smooth  
I think I shall take the liberty of making the  
change.

Miss Alice Miller's address is  
changed from Burlington Iowa to  
with Robbers 161 La Salle St.  
Room 70 Chicago Ill.

If Miss J. A. Thron of Wooster Ohio  
decides to go we must find a place for her  
for she is a gem. But I think her  
going doubtful.  
I am detained here by sickness in my  
family which I hope will not prove serious.

My dear Mrs Haines;

In reply to your question I would say that the only objections to the ladies going out all together are 1. the difficulty of my accompanying them to their fields of labor if all come at once. We could dispose of this objection I suppose by arranging for the ministers to meet them at depots - as most of them go to fields under care of ministers.

2. The second objection I need not mention as it can be easily overcome.

There are advantages in their going together. I suppose, - & so if they like let them go out together, - meeting in Omaha at a given time as before.

Let all get tickets for Ogden  
Except Miss <sup>Kate Best & Miss Downer</sup> ~~Thompson~~ <sup>Hall</sup> who,  
according to the enclosed list of  
assignments, goes to Millville  
near Logan on Utah & Northern R.R.  
a branch of the Union Pacific & under  
same management. Let her get her fare  
from Omaha to Logan on Utah & Northern.

Then Misses Wray & Nutting  
must get off at Evanston Wyoming  
& Mr Arnold will meet them. Then  
they take stage for Paris, Bear  
Lake Valley Idaho. - but their through  
tickets to Ogden will be cheaper than  
local tickets to Evanston.

Will you apply for  $1\frac{1}{2}$  fare or  
will Mr Eaton or shall I?

I hope to go next week.

Names of some ~~whom~~ we may use if any vacancies occur in the list recommended or if the few yet to be seen are not superior to these:

Miss Kate Jones, Lebanon Ohio. After school classes. Kaysville, O.

" Maggie Hamilton, " " " " " Caledonia, N.Y.

The latter has more force of power - but has not enjoyed as good advantages nor has she as attractive personal appearance. The former sings & plays. The latter sings only.

'About others whom I have visited.

Miss Lucy A. Porter - Wooster Ohio - is in delicate health. She has worn herself out at school & has gone home to Missouri to rest & get well.

Miss Margaretta McDonald, Wooster Ohio - Excels with the needle & would be glad to serve the Lord with that instrument but is not qualified to teach.

Miss Lizzie B. Snyder Mechanicsburg Ohio. - has abandoned all idea of going on account of her mother's opposition to it.

over

There are yet to be seen Misses Alice Miller of  
Burlington Iowa. Ella L. Williams Appleton Wis.  
Mo. Effie Miller. Park College Mo. -  
Sue Stenerson. Topeka Kas.  
Nettie Van Hook, Highland Kas  
& Helena M. Harding Atlantic - Carco. Iowa.  
Yes. - & Miss Marion A. Ellis - Indiana.  
Now from these ~~five~~ we may find two  
who would be better to fill vacancies with than  
Misses Jones & Hamilton.

I ought to say that I did not go to see  
Miss Marietta Wood. Trenton N.Y.

I am sorry to have omitted her  
but it couldn't be helped.

B. There is a cheaper Edition of Chambers  
issue of Am. Book Exchange & also of L. K.  
Lusk & Co. - & it may do - but the type is imperfect  
the paper thin & the binding poor. - Still as it is  
only a book of reference & not for constant reading  
it would be very useful. I would be glad of that  
even.

My dear Mrs Haines:

I took the liberty of  
writing a postal Saturday which  
I suppose I ought to explain.

In these new western cities  
there are comparatively few  
families prepared to entertain.

At Omaha even the number  
is small... & as the fair is  
to come in September 12<sup>th</sup> &  
continue some days families  
are expecting to have their  
houses full of friends & I  
am very much afraid that  
to lodge our teachers upon them

from Saturday till Monday  
at that particular <sup>or a week before the fair</sup> time, may  
not be the best thing to do. It  
may be a burden to the  
few who are willing nor  
not like very much to bear.  
If those teachers start from  
their homes Monday Sept. 5<sup>th</sup>  
they can all get through by  
Saturday & think. However -  
if arrangements are all  
made let things go as  
arranged. I don't mean to  
derange anything.

Miss Leonard is here

Nephi. Sept. 23. 1881.

My dear Mrs Haines:

Yours of 17. informing me  
of the teachers' movements just rec'd  
as I started for the train. I have  
~~nothing~~ things to say & but a few  
minutes to write. Sorry about  
sickness of Misses McLane and  
Wray. There seems to be but four  
to come then: viz: Misses Craig,  
Tubbs, Ellis, & McDonald. - Oh yes  
& Miss Best.

The affair at Ogden assumed  
serious phases - & both parties  
asked to be separated. Miss Scovel  
begged to be allowed to work elsewhere  
& Mr Knowles asked to have her  
removed - & Miss Campbell thought  
a change of that sort absolutely de-

marked by the shape the whole affair was wearing.

There were other considerations that suggested a change. At Ogden there are three other good organists in our church, so that Miss Scovel's music was not particularly demanded. - While at Nephi there was pressing demand for a teacher - a good one, & surely Mr. Burry. - and a musician - especially since the Cleveland ladies put in a good organ here. The School here could not wait till other teachers come. So I took the liberty - of changing Miss Scovel from Ogden to Nephi - & expect to put one of the on-coming teachers in her place at Ogden. Now, was that right?

Miss Hall is starting in fine at Millville. She will have strong opposition - but she is strong & zealous.

2

Mr Boyd will tell you about Millville & Hyman & Wellsville. Richmond he did not see. It is perhaps the most attractive of them all.

But it is going to be hard to open. There is one way of access which would be easy. They are clamorous for a music teacher. - & say they would be willing to have even a gentle. Now a good musician could go in there & ruin her way until she could open a day school.

We must make all our music subservient to Mission School & Church work I think. - but we must not make music teaching an end in itself.

I have just sent to Mr Boyd a statement of my shipment of furniture. There are a number of other things the

freight on which I suppose I  
shall have to gather elsewhere.  
E. g. books & apparatus - &  
bills &c.

We deeply mourn the  
death of our beloved President  
from whom we expected so much.

Yours in haste

D. J. McMillan.

P.S. How about Miss Van Hook?  
She is highly recommended.

Miss Horsley is not at  
Point of Rocks Md - unless  
she has returned there this fall. She  
is in Virginia.

Miss Jennie Ryan - Carrollton  
Illinois offers her services. She  
is a good Sabbath school teacher -  
plays & sings some - in excellent health -  
has taught school successfully - is  
about 30 years old.

*I wanted to write you  
very fully of the new bell & its ad-  
vent at Mt Pleasant. But after some  
delay I shall have to give but a  
brief account. It reached the  
Chapel in perfect safety. The tower  
was not ready for it, but on the  
Morning of Sept. 26.-the day the  
Nation & the Civilized world stood  
with uncovered heads while our  
great Chieftain was laid to  
rest- we elevated the bell to a  
secure position on a flat roof  
near the Chapel & just at the  
hour when the imposing ceremonies  
began at Cleveland the first <sup>bell</sup> notes  
ever heard in the great populous  
San Pete valley rolled out in  
solemn tones - calling the people together  
to pay their sorrowful tribute to the  
fallen President. Multitudes gathered  
around and all declared the bell*

the best that was ever made.  
It was heard all over town &  
some miles out of town. All  
everywhere stopped to listen.

Tears started from many an  
eye as the church bell called  
up the precious memories of other  
days. The bell rang ten minutes, then  
told through the solemn hour when  
a hundred thousand other bells  
all over the country were sounding  
the memorable requiem.

The bell is doing regular service  
and the people are so delighted  
with it that they have gone to work  
to erect a belfry.

They are all truly grateful &  
will remember you always for  
your kindness. If ever you visit  
Mt Pleasant (which I hope you may do)  
you will certainly be accorded a  
royal reception.

all we like of having

economically as possible. —  
but we haven't money enough  
to buy a ~~toad~~ stool even. But  
that isn't your fault — perhaps

will all be right soon. Every  
one of the new teachers seems to  
be ready for the conflict. I think  
that Miss Ellis is just the right  
sort. I am very much pleased  
with her. I wrote you of the change  
at Ogden — but have not heard  
from you on the subject. Things  
were going wrong there & getting  
worse all the time. I would  
rather tell you face to face what was  
the matter than put it in black & white.  
but perhaps you know.  
Miss Scovel has all

the time wanted a school all to herself where she might feel untrammelled in carrying out her own methods. - showing so many qualities so admirably adapted to such independent work it seemed well to utilize them. She begged to be sent to another field. Mr Knowles begged to have her sent elsewhere and while it were far better to make still further change there, it were well to make that much.

The people at Salina are so anxious to have a school that they offer \$150 - toward a building. Then there will be some income from tuition. But we shall need another teacher if we open a school there.

just make out the number if  
they could come.

But I must go to Montana  
as soon as I can. Ought to be  
there now.

Miss Sarah Sorenson of  
whom you inquired is worthy &  
promising - but her mother positively  
refuses to let her go East. Even  
refuses to allow her to go away  
from home to school anywhere.

The old lady says that Sarah  
knows more than Miss Young  
who teaches our school there  
& therefore doesn't need to study  
more in order to be able to teach.

Sarah surely could teach  
better than Miss Young - & yet  
Sarah ought to go to school some  
years yet. We might let her  
open the school in Salina

& teach there this year on a small salary - & thus utilize her - that is unless you have another teacher to send out. Sarah could do pretty well at Salina. She is a thorough Christian, - sings & plays some, - is a member of our church at Mt Pleasant.

I shall send you tomorrow the names & addresses of some teachers who are ready to come and seem to be well qualified.

Miss McDonald is at Kayville getting acquainted & winning her way slowly. But she has no house. I am holding an offer of a small lot & room at \$500. - It is all we can get now. Don't know how much longer I can hold it - but I can't get possession until the \$500 - is forthcoming. Kayville is the last station toward Ogden. We are too late to get East Bonanza which lies six miles north of Salt Lake City. - and so we take Kayville instead.

The twins grow finer & are well. Mrs M. truly loves the girl. I am prepared to love the boy too much to give him up to even his grandma Haines. Truly yours D. M. M.

My dear Mrs Haines;

Miss Grace Hill  
of College for the Blind

Vinton - Iowa -  
is a very fine young lady -  
well educated - splendid gifts  
and good experience as a teacher.  
An earnest Christian and full  
of missionary zeal. I tried  
to get her two years ago but  
she could not come. I have  
some hope that she will  
come now. If so she is the one  
I think for the new Enterprise  
in Salt Lake City. I have written  
her to send Credentials to you  
immediately if she decides to come.

Another - Miss Nellie A. Ellis

of Corinne Utah - daughter  
of about the only member we  
have left there - who has been  
teaching school in Iowa - an  
attractive and capable girl  
offers her services. She recently  
came to visit her father.

My dear Mrs Haines:

I did not receive the package containing Miss Sorenson's box of medicines at Chicago. It was sent to the wrong address. But I am acquainted with the Racine School Furniture men & will write them about the package.

If you do not commission <sup>Sarah Sorenson</sup> Miss ~~Ashley~~ for Salina I think Miss Ashley will do well for that point. If you do send Miss Sorenson to Salina then Miss Ashley & Miss Van Hook would do well ~~at~~ Bear Lake valley.

Rev. A. J. Mc Millan,

Dear Brother;

It is a long time since I have seen you face to face, but I have heard & read about your work so much that I do not feel strange to you.

I write you now to make a few inquiries. I heard last summer that you wanted young ladies to teach in Utah & other Territories, & that you got a number to go out, among whom was my friend, Miss Carrie Nutting. Miss Emma Rider also told me that you asked her to go out there to teach music. Now there is an estimable young lady in my congregation, a member of our church, (Westminster,) who is at present teaching music, but who is capable of teaching almost anything, as she is a recent graduate of the Athenaeum. I speak of Miss Nellie E. Stevenson, daught. of B. F. Stevenson. She has thought some of trying the work in the Territories, & I would like to ask you for a little information for her.

1. Do you still want young lady teachers in Utah or adjacent Territories? If so, where?

2. What does the Board pay such teachers? Does the Board pay their expenses out there?

3. Are such teachers pledged for any definite length of time?

4. What are the demands for music teachers out there? And the compensation?

5. Could a young lady assume & perform the duties of a H. E. Teacher, & give some music lessons privately besides?

I ask these unusual questions because Miss E. does not like to commit herself for more than a year (at a time,) & having no means, she is afraid she could not manage the expense out.

Hope you are well & enjoying your work. would like to see you ever so much.

Most fraternally Yours,

S. M. Horton.

My dear Mrs Haines;

I enclose a letter from Rev. David M. Morton pastor Westminster Church Jacksonville Ill. I do not know Miss Stevenson personally but I know her parents and relatives all about her. The stock is good. I told Mr Morton that if the Jacksonville people would raise the salary Miss Stevenson would without doubt be commissioned, provided the requisite certificates were forthcoming.

I am confident that the more bitter the Mormon opposition the less effective it is.

If I have not already recommended Mrs Sallia A. Sorenson to be recommissioned for the school at Moroni I do hereby so recommend. I have just received a communication from all the patrons of her school asking that she be continued. I suppose it would be injurious to our work to refuse this request.

My dear Mrs Haines:

I have been talking with a young lawyer here who is recently from Jacksonville & who knows Miss Nellie M. Stevenson whom I recommended some time ago. She more than confirms all the good impressions I had before of the young lady. I am sure that she is just what we want for the new enterprise in Salt Lake City or any other position in Utah. She is a graduate of the Athenaeum & also of the Conservatory of Music both institutions are at Jacksonville. She has been for generations full blooded blue stocking Presbyterian, - no mixture anywhere with any other faith. She is bright & attractive, - healthy & consecrated, - 26 years old and not a candidate for matrimony.

that any body knows of. I do hope that we shall not fail to get her.

I have selected a location for the Mission School in Salt Lake City. It is an entirely unevangelized district more than a mile from any existing Mission School - accessible and populous. But I can't open the work there without the girl & the money.

I can't tell just where Christmas presents are most needed. But I think that Nephi and Payson may not be supplied and the new points - such as Miss Hall at Millville (better send to Logan Co. U. & N. R.R.) or Miss Nutting at Hyrum, - or Miss Best at Wellsville (address these at Logan as the best depot)

I write Mrs. Geo. E. Hall - as you direct suggesting these last three.

I fear it is late to accomplish anything - but I am away up here & did not get your letter till last night.

About scholarships: I have always looked at the matter somehow thus: a teacher gets a salary of \$4.50. She is supposed to teach 45 scholars, & usually does, which puts tuition at \$10 - per scholar. When books &c are also supplied 5 is added making a scholarship \$15.-. I told Dr Jackson years ago that he was putting our mission schools in a false light to ask through his paper \$3.50 - per scholar.

Thirty two of the thirty three schools of the Tz run on the \$15.- basis and I do not see why they should be put in a wrong light to sustain & promote the extravagance of the one. I have therefore uniformly represented our Mission School scholarships at \$15.- each - & said nothing at all about the other schools. I doubt all how I can go back on my representations hitherto.

I can & will give you a  
list of names of promising &  
worthy scholars - with their address  
& teachers names - & something of  
a description of each. You can fix  
the amt. <sup>of each.</sup> Yours in haste

Salt Lake City, Jan 9, 1882.

My dear Mrs Haines:

I am back here again  
earlier than I expected to be - as no money  
has come yet for Kayville & tomorrow  
is the last day of grace. What am I  
to do! After weeks of delay in which  
Miss McDonald had no place at all ~~where~~ she  
could work, I ventured to borrow \$300. at  
Bank at 1% per month - & make a payment  
on the last & only piece of property that hadn't  
slipped beyond our reach. Had I waited 12 hours  
longer that piece could not have been bought.  
I immediately wrote Mr Boyd the situation  
informing him that only 60 days remained  
in which to raise the balance. - & that the  
money must be here before the 10<sup>th</sup> of January.

A letter from Mr Boyd received last  
Saturday night informed me that the applica-  
tions to your com. & the B. Ch. Erection had been  
granted. - but there was no money in the letter.

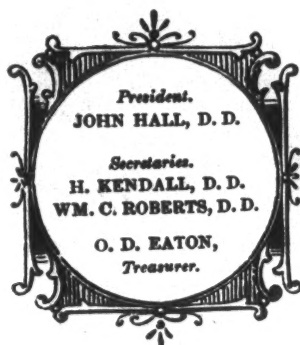

Now what can I do! This delay has called me away from important work in Montana & Idaho. & gives the Congregationalists an advantage. - it will cause the loss of the only piece of property obtainable in Kayville together with the first payment of \$300 already made - then we will surely lose Miss McDonald a most excellent lady, Christian & Missionary. - and the balance remains to be told.

You ask if I want more Teachers. No. - if they are to be treated as Miss McDonald has been. Yes. - if we can have the means to provide room. I have most earnestly plead for one mission station or more in populous outskirts of Salt Lake City. The Methodists are planning to take possession of them. Then I very much want to take possession of Bear Lake valley as I have repeatedly urged. The N.W. branch of the U.P.R.R. has reached Montpelier - one of the three points I have urged upon your Com. & the Bd. But I suppose they are to be left to the Congregationalists after all.

Hereafter please send the money for chapels before the teachers are sent.

My dear Mrs Haines;

Mrs Hamlin of Troy wants me to spend a week in her Presbytery with Churches at Salem, Cambridge, Glens Falls, & such. Then Mr Sinclair wants me at Dr Hall's church Saturday night, a week. Now - unless you have something better to suggest I think I shall give next week to that. May I hear from you at once as I must give immediate answer. Yours

My dear Mrs Haines:

Mrs Hamilton of Troy  
says that she can't get up meetings  
in so short a time. - And wants me  
to defer my visit a week. I  
can't spare the time for that. - so  
I incline to start back next week  
if I get my men at the Seminars.

Mrs McCauley of Chester  
also wants me. - but she fixes  
March 13- & 24. That is out of the  
question. I must be in Utah by  
last Friday of March.

I go to Brooklyn tomorrow

My dear Mrs Haines;

I have the names of  
two young ladies - Members of Dr  
Brownson's church - both attractive +  
highly recommended by Dr B. Of course  
I gave them no encouragement - but  
I am sure they would be very useful.

Miss Minnie Gow. She has not  
fully offered herself - but is thinking  
very seriously. She is a good musician  
sings + plays, + a magnificent Christian worker.

Miss Anna M. Ruple. This young lady  
offers her services. - She plays but does  
not sing. - Has had experience as a teacher  
+ holds a State Certificate.

Yrs  
D. J. McMillan.

(2)  
will get one for Nephie, soon as we really  
need it. I would say send it to Momae. But  
Miss McLean ought to have one too.

The "California fast freight line" wd  
bring it quicker, but would probably be more  
costly - yet not so much as of course as Express.

I'll enquire the freight rates soon as  
possible - & I will ~~write~~ Miss Morgan  
also soon as practicable.

I shall try to write the article soon.  
Misses Farrand & Olmsted do not recover fast.  
It may be sometime before they enter school again.  
The unpleasant young ladies are filling their  
places creditably. There is a young lady recently  
come to Springfield who is now a member of our  
church there who wishes to earn a living & con-  
tinue her studies. She taught some in Ohio where

She recently came with her parents. I think  
it might be well to employ her - say  $1\frac{1}{2}$  the time  
+ give her board + tuition. - which would be about  
\$20 per month - for - say three months. She  
might take Miss Farland's place at Mont.  
What say you? She is about 18 years old.

Truly y<sup>rs</sup>

D. J. McMillan.

My dear Mrs. Haine

Your letter in care of Dr Kellogg is just received. I answered the one received at York but will further say about Mrs. Blackburn that I do not know enough about her qualifications & adaptability - as to say where she would better go. I think, however, that it would at least be safe to send her to Scipio. If she would do for any field she would do for Scipio. If she is a musician she would do for Richmonds next town to Smithfield. But as to her going if she is not a musician she might also do for Mendon - not far south of Logan. Let her come & we will find work for her when we know better what she is.

I rather thought Miss Whipple of Poughkeepsie would not come but Miss Wright has offered herself.

I am not I have gone to Danville &  
Bloomington - but I couldn't with-  
out failing to reach home for Christ-  
mas. Should anything occur to detain  
me beyond Christmas - which is 23rd  
I'll let you know at once.

Why might not Mrs Blackburn  
take charge of reading at Wm. P. Grant  
& assist in school?

I go to Cleveland on some  
important matters & - there to fill for  
a few days - then meet (2nd) what  
about that money for furniture for  
Franklin? Would like to buy it  
at Chicago as I go through
